BRAND NAME OR LOGO

I'm excited to help you upgrade your Shopify store! At Creative Vishal, we specialize in creating user-friendly websites that boost performance and make online shopping smoother for your customers. For **brand**, the goal is to migrate to Shopify 2.0 - improving speed, design, and overall user experience.

WHAT WE ARE OFFERING

Here's how we plan to improve your store:

- **Note on Apps Compatibility** - Migrate to Shopify 2.0 without losing any data, with flexible customization options.
- **Website Redesign** - Mobile-optimized, user-friendly design for better conversions.
- **Content & SEO** - Migrate products and pages, with necessary SEO optimization.
- **Ecommerce Features** - Add smart search, product review, upsell recommendations.
- **Scope of Work** - Migrate and customize 18 pages to fit the new theme and enhance user experience.
- **Post-launch Support** - 1 month of free support after launch to ensure smooth operation.

Note on Apps Compatibility: During the revamp process, if any of your current apps are not compatible with the new theme, we will need to research alternative apps. These alternatives may be either free or paid, depending on the features required.

HOW WE'LL DO IT

Here's how we'll bring your new website to life:

- **Phase 1 - Review & Plan** - Understanding your goals, audience, and current site.
- **Phase 2 - Design & Setup** - Theme selection, layout creation, and customization.
- **Phase 3 - Migration & Optimization** - Moving data, products, and ensuring SEO consistency.
- **Phase 4 - Testing & Launch** - Final checks for performance, speed, and user experience.
- **Phase 5 - Post-Launch Support** - 1-month free assistance to ensure everything runs smoothly.

TIMELINE

We are excited to offer Brand services to elevate your digital presence.

- **Week 1-2** - Initial setup, review, and planning to ensure a smooth migration.
- **Week 3-4** - Theme customization, content migration, and design tweaks.
- **Week 5** - Final testing for performance, security, and user experience.
